Cases of flu have climbed quickly in the past week, indicating that the season has started earlier than normal.

How to book your NHS Flu Vaccination:

Those who are eligible for the NHS free flu jab can be vaccinated via their Community Pharmacy or GP Surgery. Those that are eligible may have received a letter from their GP about getting the flu jab and should follow the instructions outlined on that letter. If an individual has not yet heard from their GP surgery regarding the flu jab and they are eligible for a free flu jab, then please help them to book at a local pharmacy.

You can find a local pharmacy and their contact details using the NHS website [Find a pharmacy that offers the NHS flu vaccine - NHS - NHS \(www.nhs.uk\)](#) and give them a call to find out how to get the vaccine.
